Sorry for not replying to this, Bob. I really do appreciate your help here.

I'm getting hung up on #2 – I need a GC to give me a quote. I reached out to a contact at Suffolk and he's taking his time. I emailed the developers on our Board last week for other referrals and haven't heard back from anyone. What do you think?

Ellen:

I'll help you with this exercise:

1. What is the annual rental rate for South Park offices that we're looking at;
2. What is the est TIs that we need to make the space very nice;
3. What is this total;
4. What is that number as a percent of total assessment revenue, and
5. That should give us an assessment minimum % increase.

If you want to do this let me know.

Take care

Bob

All,

I'm really striking out with the search for a new office space, and I could use your advice. Ted Tanner intro'd me directly to the Kastner family (owners of 1212 S Olive) – we had some back and forth but ultimately he gave me the same answer as Tony (below, re: 1036 S Grand). I'm afraid we simply do not have enough budgeted for rent. I'm going to work with our accountant to see how much more we can squeeze out, but I think it's time we consider if and how much we want to increase assessments next year. We haven't increased in 2 years, and per our Management District Plan, the Board can decide to increase up to 5% annually. I'll be ready to discuss at our next Exec Comm check in later this month. In the meantime, please keep an eye out for potential spaces in the district.

Thanks,

Ellen

Hi Tony,

The BID is interested in leasing 1036 S Grand. It's the ideal location and has everything we're looking for – raw warehouse space for our clean and safe teams, prominent street-level presence, alley and parking access, and space to build out offices for the 5 staff. As I mentioned when we met, our monthly budget for rent is no more than \$10k if we are also required to absorb the full costs of TIs. Before moving forward, we want to confirm that the BID will not be held liable for structural maintenance in the event of damage due to natural disaster or accident. Our interest is also contingent upon inspections by contractors.

We've just gone through the renewal process with the city, so our city contract is good through 2022. I'd like to sign a lease agreement that brings us at least through the current lifecycle of the BID.

Thanks in advance, and please let me know if you need anything else from me in order to get the ball rolling.

Best,

Ellen
